

Turn your toilet into a bidet, simply by changing the seat !

The Prestige BB-900

The all-new Prestige BB-900 from BioBidet has arrived! This sleek and stylish bidet seat featuring a slimline, convenient side control has been designed for today's bathrooms. The **Prestige BB-900** not only looks good but lets you personalise all functions, including water temperature, pressure and even gentle cycling and massage features. Follow washing with the touch of button for an adjustable warm air dry. All the while you enjoy the luxuriously warm seat that can also be adjusted to the temperature you desire.

The Prestige BB-900 is the latest in designer bathroom accessories and comes equipped with "smart power saving" functions for maximum savings on electricity consumption. Along with the most advanced "capacitance" seat sensor and in-built "Self Diagnosis" system, the Prestige BB-900 is truly the most technologically advanced and complete bidet seat in the world today.
