ALLOY PREFABRICATED METAL ARCHITECTURAL MESH SCREENS

The cost effective, high quality metal screen solution for contemporary interior and exterior applications, limited only by your design imagination.

- Privacy screens
- Decorative panels
- Wall features
- Landscaping features
- Room dividers
- Sun shading
- Balustrades

 **ALLOY**

At ALLOY, we believe that high quality metal should be loved at all levels of the manufacturing process and these convenient, contemporary screen designs are a happy bi-product of our Metal Mosaic Tile Collection. As a result they offer a unique, high quality, cost effective metal screen solution that has waste minimisation and material recycling in mind.

Punched from high quality 1.6 – 2mm thick metal, ALLOY Screen Panels are hardwearing, long lasting and virtually maintenance free.

Ideal for adding interest to interior and exterior applications

MATERIALS

Stainless Steel (Brushed or Mirror Polished)

\$99 per sheet + shipping

Copper or Brass

\$198 per sheet + shipping

Shipping

\$150 Australia wide (up to 1500kg)

Each sheet can also be cut to size and enclosed in a structural frame to your specifications.

*As a bi-product of the ALLOY metal tile range, we are unable to guarantee availability of every screen style or material.

Contact us to discuss your project requirements.
