

Architecturally Designed for the Inspired Kitchen, Cabinet & Bathroom Pulls

The New Euro '08 Collection has arrived...

The latest styles and designs from Europe's leading manufactures including Confalonieri of Italy, Egoki of Spain & Furnipart of Denmark just to name a few.

Bellevue Imports Pty Ltd.

Delivering the Highest Quality & Latest in European Designed & Manufactured Architectural Hardware

Call 1300 369 395, www.Bellevueimports.com.au or email info@bellevueimports.com.au for more information

Inspiration.....

For as long as we can remember we have been striving to create, design and build. Our conscious effort to better ourselves; willingness to take risks has separated us from the rest.

“We look, we touch, we consider and we are inspired”

For over 21 years Bellevue has also been inspired...Inspired to source and stock from all over the world products that create visual attraction and differentiation without compromising quality, design or affordability.

Today Bellevue has represented nothing but the best in architecturally inspired hardware and accessories. The relationship between design and form, form and function, aesthetics and practicality are all symbiotic.

The creation of a handle is more than the handle itself; it's the connection provided between its form and its function; its personality and its aesthetic appeal; its design and the environment. Quality & design are cultural; inspired by generations past.

The importance of the handle cannot be underestimated. It is an indispensable object; it can hinder ones advance or facilitate movement in spaces of everyday life. Without it, we would have to redefine our entire way of life.

Relevant is also the handle size. It is a small sculpture; a point of difference of visual attraction on surfaces that are all too often anonymous or redundant. The opening and closing of a door is a highly symbolic gesture which has not lost its meaning over time; taking design by the hand.

A key distinction of the Bellevue name is the significant number of interpretations of the “design” concept. The modern handle lives somewhere in the middle of the equation, geometry and the organic; the practical and the inspired.

A handles form is unique, a challenge to design and create. It represented personality and function in its truest form. Inspires designs, their materialization and transformation into a handle is evident in the number of designs which exist in the Bellevue range.

“Inspiration is true design,embrace it”

About Bellevue

1983.....

In 1983 while renovating his own home Aron Midler (founder of Bellevue Imports) experienced something I am sure was not uncommon at the time; the inability to find high quality and uniquely designed architectural furniture.

Frustrated with what he did find, Aron spoke to a number of leading Architects and Interior Designers who all agreed that the Australian market could benefit significantly if products available overseas were available locally.

Recognising the gap in the Australian market place for these types of uniquely designed products, he took the opportunity to work with the leading manufacturer of Kitchen and Cabinet Handles available; Confalonieri and Cosma of Italy, Didheya of Spain, Omp Porro of Italy, Leitner of Austria as well as many others from all over the world to form Bellevue Imports.

Today.....

For over 21 years Bellevue Imports has been providing Australia and New Zealand with the best and most extensive range of architectural hardware and accessories available, all of which have been, and are recognised as world class in quality, design and craftsmanship.

Since Bellevue's inception Aron's commitment in bringing to Australia the newest and most comprehensive range of architectural products has not wavered.

To date Bellevue has supplied countless projects, from Kitchen renovations, cabinet makers, new homes and residential renovations to apartments, large commercial projects and resorts.

Bellevue's products are available Australia and New Zealand wide from various of resellers or on a direct basis (based on location). For your nearest reseller location, please visit our web site at www.BellevueImports.com.au

Bellevue is proud to be a leader in the architectural cabinet furniture market and will continue its tradition to provide products that are unique, visually distinctive, affordable and just as importantly, stocked locally, in quantity.

Manufactures Profile - Gruppo Confalonieri of Italy

For over 22 years in Australia and New Zealand the name Bellevue Imports has been, and is synonymous with providing products that create visual attraction and differentiation without compromising quality, design or affordability. Bellevue's products have been used Australia and New Zealand wide, from small projects through to large (project pricing available). They are designed and manufactured by people from within the design industry; people who truly believe that design and quality are an integral part of creating something special and unique.

"The Italians; they have over 2000 years of history and culture, they know how to create something stylish, unique and memorable. Their architectural furniture is an example of their passion for creativity, simplicity and elegance in design. They do it better than anyone else, the end result is simply stunning" - Aron Midler- founder of Bellevue Imports when asked why bring Italian products to Australia.

Stylish, practical and importantly aesthetically pleasing to the eye, *Confalonieri* of Italy's products are considered by the design industry to be best in class for quality, affordability and design. As a result, they have been used worldwide in kitchens, offices, hotels, hospitals, residential & commercial applications of all types. With its' factory located in Italy & over 50 years of experience, *Confalonieri* is considered a world leader when it comes to the design needs of today, and tomorrow.

Bellevue is proud of its long association with *Confalonieri*, and will continue its association well into the future. Today *Confalonieri* is considered to be a leader and innovator in design and quality of Architectural furniture in Europe. For more than 50 years, *Confalonieri* has been recognised as an innovative manufacturer who has a history of pursuing excellence. Confalonieris' success is founded on a commitment to continually invest in research and technology; guaranteeing that their products will always meet the highest quality and design standards.

Design and quality are symbiotic, they go hand in hand.

The Confalonieri Factory in Italy

The complete *Confalonieri* range is available Australia and New Zealand wide from a range of resellers. Delivery is typically overnight to most locations. Bellevue welcomes any organisations interested in becoming a reseller of the *Confalonieri* range as well as any other products available from Bellevue Imports. For a complete list of resellers, please look at our web site at www.bellevueimports.com.au or alternatively call us on 1300 369 395 to discuss your requirements.
