

# ACCEL™ does for construction what Henry Ford did for production

# How ACCEL™ will revolutionise construction...

James Hardie is very proud to open the door to our wealth of industry knowledge and resources through ACCEL™ – an exclusive, new, premium service product that delivers smart design, specification and building tools that will fundamentally change the way the building industry operates. Completely interactive, ACCEL™ provides architects, builders and distributors with a whole world of up-to-date information, comprehensive product data, priority support and smart design and building solutions that will help save time and money. ACCEL™ will help fast-track the business of industry professionals all over the country.

## ACCEL™ design

Created for architects and designers to help design, detail and document easily and efficiently.

With ACCEL™ design you can:

- **Quickly** bring your ideas to life and create realistic 3D designs with intelligent ArchiCAD® and Revit® content
- **Easily** calculate sustainability, fire and acoustic ratings using the Green Star Rating tool and product calculators
- **Instantly** gain priority access to exclusive design guidance and support from James Hardie's industry-leading experts.

## ACCEL™ build

Created for builders and installers to help deliver projects smoothly and on-time.

With ACCEL™ build you can:

- **Quickly** find extensive construction details and non-standard James Hardie product designs using CAD Assist™ and the ACCEL™ Solution Centre
- **Easily** determine accurate costs and quantities with automated product estimating tools
- **Instantly** gain priority access to James Hardie's industry leading experts – even when you're on site.

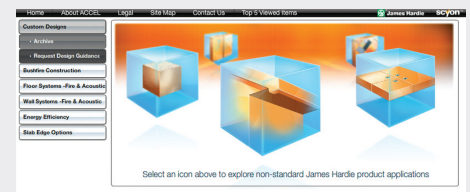

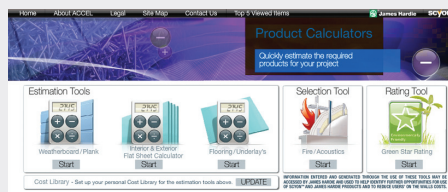

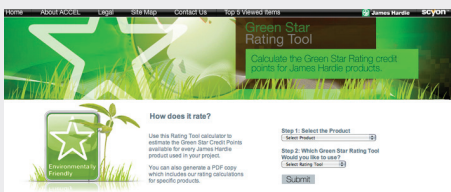

## ACCEL™ partner

Created for James Hardie product distributors to help deliver unparalleled service.

With ACCEL™ partner you can:

- **Quickly** use the 3D Building Product Advisor and Accessories Library to make finding, selling and ordering a breeze
- **Easily** help customers calculate product and generate a bill of quantities using automated product estimating tools
- **Instantly** gain priority access to James Hardie's industry leading experts even when you're serving a customer.

ACCEL™ offers the construction industry an unprecedented state of synchronicity. With so much more content online in one easy-to-use location, architects, suppliers and builders alike can not only fast-track their own business but enjoy the benefits of faster, more accurate dealings with others through ACCEL™.
