### PUTTING SERVICE BACK INTO THE GLASS INDUSTRY.

## AXI DOORS™

SPECIALISED TIMBER DOORS BY AXIOM DESIGN

### QUALITY TIMBER DOORS

Axiom Design's contemporary range of unique internal and entry timber doors, exemplify only the best in quality craftsmanship.

With the Axidoor range including but not limited to 6mm and 9mm skin doors of both standard and special sizes. Further technical data and information is available.

Axi doors are designed to specifically compliment the Ezy Jamb door jamb system so you can be assured your door will be exactly what you need.

## EZY reveal™

### QUICK, ECONOMICAL FINISHING OF REVEALS

- Designed for quick and economical finishing of reveal from 20 to 150mm.
- Manufactured from cold rolled steel providing a strong and secure reveal eliminating warping, twisting, cracking and damage from UV Rays.
- Enquire for custom size reveal lengths.
- Can be used with PVC finish trim to create custom size reveals.

## lever 90°

### ARCHITECTURAL LEVER RANGE

The deluxe level90 range has been architecturally designed to suit the most prestigious applications.

Crafted in solid stainless steel, the range fully exceeds every expectation.

Available in:

- Passage sets
- Privacy sets
- Dummy sets

## EZY jamb®

### THE FLUSH FINISH DOOR JAMB SYSTEM

For many years, architects, interior designers and developers have been trying to produce a contemporary flush finish door jamb with clean lines and inconspicuous detail.

#### THE FLUSH FINISH DOOR JAMB SYSTEM

EzyJamb is a split-type jamb manufactured from cold rolled steel with a patented profile to produce a strong and secure assembly.

The jamb comes with perforated sides for flush jointing giving the doorway a clean line look.

#### INSTALLATION

EzyJamb is simple to install, and it requires no special maintenance. The jamb is a split-type and comes in two sections that fit neatly together and provides adjustability in wall thickness.

The system is complimented by a range of hardware to suit different applications.

## ezy cav®

### THE FLUSH FINISH CAVITY SLIDER SYSTEM

#### STANDARD

The EzyCav standard cavity slider has been designed to provide the absolute minimum of detail, with the head track and side stiles square set to create that flush finish look, adding a contemporary and architectural feel to any project.

#### CLEARVIEW PREMIUM

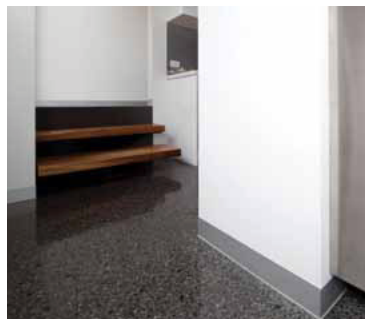

The Clearview Premium unit is a full height unit designed for large and heavier doors, which require that architectural flush look that only EzyCav can offer.

#### CLEARVIEW ARCHITECTURAL

The Clearview architectural cavity slider is designed and manufactured with the highest quality and very fine attention to detail not being compromised.

#### CLEARVIEW SURFACE MOUNTED SLIDER

The clearview surface mounted slider simplifies a complex task, featuring a removable pelmet, this ensures easy access to the roller system.

## ezy skirt®

### ARCHITECTURAL, CLEAN LOOK SKIRTING SYSTEMS

Designed to resonate the clean lines that can only be found with the flush finish range. Aluminium skirting in Natural Anodised available from 80mm to 150mm. EzySkirt's aluminium skirting can also be Powder coated to any colour to suit your needs.

The EzySkirt range is not limited to Aluminium. The EzySkirt Square dressed MDF (Pre Primed) is a suitable alternative to the Aluminium style.

## EZY cap™

### THE STRONG & VERSATILE ALTERNATIVE FOR STOP ENDS

- Designed for quick and economical finishing of wall ends.
- Manufactured from cold rolled steel providing a strong and secure wall and end cap that is both durable and fast to install.
- Hard to reach wall ends made possible with EzyCap.
- Available in a range of sizes to suit various wall configurations.
- Can be used with PVC finish trim to create custom size reveals.
