## Hettich introduces Hideaway® Bins

Hideaway Bins are the ideal solution to keep bins hidden and out of sight within any area of a home or commercial project - kitchen, bathroom, laundry...anywhere.

Three intelligently designed, New Zealand made ranges are available offering a simple and stylish, space-saving solution - **Hideaway Compact**, **Hideaway Deluxe** and **Hideaway Soft Close**.

### All units:

- are easy to clean
- are made from zinc treated steel for strength
- are powder coated for durability
- come complete with polyethylene buckets
- are available in various sizes and configurations
- include a liner holder with all bucket sizes

All models feature high quality tracks that over extend, allowing the bucket/s to be removed easily from beneath the bench top. Hideaway Compact and Deluxe models support 40kgs of weight across the tracks, with the Hideaway Soft Close supporting 45kgs. Hideaway Bins fit into both new and existing cabinetry and are easily installed directly to the underside of a bench/shelf. Some models can also be floor mounted to the base of a cabinet, providing an ideal beneath-the-sink solution.

Every detail of Hideaway Bins has been designed to perfectly complement the modern home or commercial setting...neat thinking!

## Applications for use

Hideaway Bins are ideal for use as a hidden bin solution in many situations, for example:

### In the Home

- Kitchen
- Bathroom
- Laundry
- Office
- Wardrobe or Beauty Station
- Garage
- Motor Home

### Commercial Environment

- Office Kitchen
- Commercial Kitchen
- Restaurant / Bar
- Hotel
- Retirement Village
- Apartment Complex
- Hospital

## Door Pull or Handle Pull?

Bins are available as either a **Door Pull (D)** or **Handle Pull (H)**

### Door Pull - 1 Step Action

The front fascia of the cabinet is attached to the door bracket of the Hideaway Bin so that the top mounted bin fits discreetly in the space inside your cabinet, giving you access to your bin in one easy step by pulling open the door.

### Handle Pull - 2 Step Action

The unit is top mounted inside your cupboard, giving you access in two easy steps - simply open your hinged cupboard door, then pull open the bin using its handle.

### IMPORTANT INSTALLATION INFORMATION

All model measurements given are internal (wall to wall) and are the minimum required to fit each unit.

**Compact and Deluxe handle pull models:** if hinges are used that do not allow the door to clear the opening fully, allow an extra 10mm width. Installation also requires that the top door hinge be 150mm from the top of the door to allow clearance for the bin handle.

# Hideaway® Soft Close Bin

NZ PAT APPL NO: 585372

## Range Features:

**LID** - removable, foam-sprung friction fitted lid that creates a seal across the bucket/s when the unit is closed, assisting in odour control. This lid has a Clinikill powder coat to fight harmful bacteria, yeast and fungi keeping the bin solution hygienic.

**TRACKS** - high quality German ball bearing self-close tracks that create a controlled close through the use of an air vacuum dampener that protects the unit from slamming. The tracks over-extend for easy removal of bucket/s from beneath the bench top and have a dynamic weight loading of 45kgs.

**METAL GAUGE** - 1.2mm Zinc treated steel, powder coated for durability.

**BUCKETS** - made from a food grade polyethylene plastic that is recyclable. All buckets come complete with a liner holder which will hold your bag in place.

**COLOUR CHOICE** - double bin units are available in Arctic White or Ghost Grey, fitting in with other Soft Close technologies.

SC215D-W

## 2 x 15 litre buckets

317mm w x 340mm h x 520mm d

- 2 x units can be stacked in standard carcass height providing a four bin recycling solution
- 15 litre buckets hold standard supermarket shopping bags

Order No.	Hideaway	Model	Code Colour	PU

SC150D-W

## 1 x 50 litre bucket

362mm w x 625mm h x 425mm d

- ideal for larger families or commercial/office kitchens
- hidden laundry basket solution

Order No.	Hideaway	Model	Code Colour	PU
116016900	SC150D-W	Door Pull	Arctic White	1

# Hideaway® Deluxe Bin

## Range Features:

**LID** - removable foam-sprung friction-fitted lid that creates a seal across the bucket/s. The friction-fitted lid makes the Hideaway Deluxe Bins ideal for use in a kitchen environment as odours are locked away. Also installed into the lid are replaceable perfume sachets that sit in check-outs located directly above the buckets assisting with unpleasant odours.

**TRACKS** - quality ball bearing runners that over-extend allowing easy removal of buckets from beneath the bench top and have a dynamic weight loading of 40kgs.

**METAL GAUGE** - 1.0mm Zinc treated steel, powder coated for durability.

**BUCKETS** - made from a recyclable, food grade polyethylene plastic. All buckets come complete with a liner holder to hold your bag in place.

## Hideaway® Compact Bin

PATENT NUMBER: 530285

### Range Features:

Hideaway Compact bins are 'compact' in design making the range ideal for areas with limited space. The units are top mounted and this mounting panel acts as a cover for the bucket/s. One check-out is included in the mounting panel for a replaceable perfume sachet that will assist with unpleasant odours.

**TRACKS** - quality ball bearing runners that over-extend allowing easy removal of buckets from beneath the bench top and have a dynamic weight loading of 40kgs.

**METAL GAUGE** - 1.0mm Zinc treated steel, powder coated for durability.

**BUCKETS** - made from a recyclable, food grade polyethylene plastic. All buckets come complete with a liner holder to hold your bag in place.
