**A**urora Fine Bathroomware is a caring family business established in January 2002.

Quality is our number one priority not only in our products, but also our customer service.

Since entering the market share for Bathroomware, we have endeavoured to fill the gap for quality European Bathroom, Kitchen & Laundry products.

*In dealing with us, you are guaranteed to be satisfied with our product & customer service for a number of reasons, which include:*

**1. Staff**

All of the team at Aurora Fine Bathroomware strives earnestly to produce first-class service and support, ensuring that every customer is treated with courtesy, respect and consideration, thus ensuring a happy and satisfied customer.

**2. Quality Products**

Aurora Fine Bathroomware stocks quality European Bathroom, Kitchen and Laundry products. Our dedicated research and development team are constantly searching in Australia and around the world for high quality products. The end result is providing customers with quality products, 'with a difference'.

**3. Warranty**

The range of quality European products we have at Aurora Fine Bathroomware all retain excellent warranty periods. Please ask to see our warranty certificate.

**4. Quality Control**

To ensure we are only supplying you quality products, the goods are carefully and thoroughly inspected by our caring dispatch team before being sent out of the warehouse. If one of our products has a fault, we immediately reject it. Once again ensuring a satisfied customer.

**5. After Sales Service**

If the need arises to inspect or rectify an issue with any of our products, our co-operative team at Aurora Fine Bathroomware are happy and willing to help you, at any time. This comes as a result of our confidence in every product.

**6. Prompt Delivery**

Once receiving your order, be it by phone, fax or email, we endeavour to have the quality products despatched to the customer within 48 hours. Our team at Aurora does the utmost effort to keep sufficient stocks of the products to result in customer satisfaction.

**7. Viewing the products**

To ensure complete customer satisfaction, we would invite you to visit our showroom. We are open Monday to Friday from 7am to 5pm. Alternatively, you can also contact us at our showroom in Smeaton Grange, by phone on 02 4648 3200, or email us on sales@aurorasales.com.au, and we can inform you of a retail showroom that has our products on display.

**8. Protecting the environment**

The caring staff at Aurora Fine Bathroomware not only looks after the customer, we also cater for the environment. All of our cardboard is recycled as our commitment to the environment.

*NOW Sit back, relax and browse at our quality European Bathroomware, Kitchen and Laundry products.*

# aurora multisink

## The versatile sink with multi uses

Wash Rooms  
Factories  
Schools  
Garden Stores  
BBQ Area  
Cellars  
Garages

Made from  
Polypropylene  
Highly  
Resistant  
to Stains

**10  
YEAR  
GUARANTEE**

## Fittings and installation

The stainless steel rail, which is integrated into the splash-proof rear panel, underlines the elegant appearance of the sink. The two hooks for hanging working utensils can also be suspended from this rail. The soap dish is also ideally attached to this.

The broad storage area of the sink offers lots of space for further cleaning utensils. There is also the option of installing, either in the middle or to the right or left, a tap fitting and the soap dispenser which can be obtained as an accessory. On the underside of this surface markings are provided for the required installation diameters. The necessary holes of 28 or 35 mm diameter can thus easily be made with either a hole saw or a milling cutter.

### Safer fixing – easily done with mounting template

The fixing for the Aurora multisink consists of two hidden wall suspension units. The sink is simply slipped onto the guides from above and is then held securely.

### The Aurora multisink is delivered complete with

1 1/2" waste outlet, overflow fitting, sieve, sink plug, chain and fixing set, soap dish in the same colour as the sink, 2 hooks, stainless steel rail, mounting template.

### The very best characteristics with a guarantee

Aurora multisink versatile sinks are manufactured from high-quality polypropylene in a composite construction. This sandwich technology guarantees the highest elasticity and breaking strength.

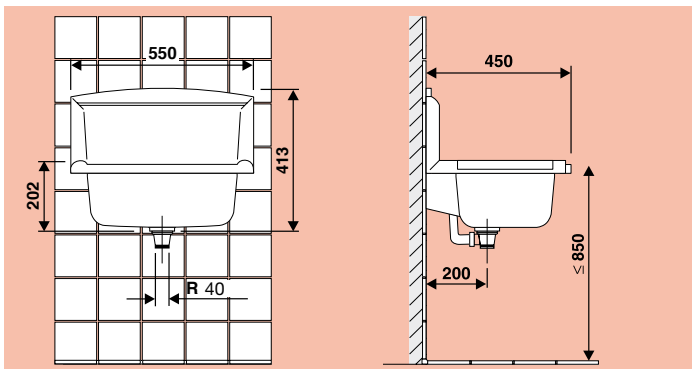

### We give a 10 year guarantee on breaking strength.

The sinks can be continuously loaded, do not rust and will not chip. Neither frost nor boiling water can damage them. They are resistant to diluted acids, alkaline solutions and solvents. The silk-matt surface is easy to clean. Dirt cannot be deposited since there are no hidden corners, edges or cavities.

### Aurora multisink, so versatile

The up-to-date design and functionality make this sink an attractive item and one which is a welcome aid in the cellar, utility room, garage, washroom, garden and other places. Hand towel hangers are integrated into the left and right edges of the sink. The two hooks for suspending accessories such as the grid and the drainer can also be fixed here.

### Sink Capacity 15 Litres

## Accessories: Soap dispenser and draining set

As the ideal accessories for the Aurora multisink versatile sink we offer a soap dispenser for fitting to the sink unit and a draining set.

### Soap dispenser

The pump head of the soap dispenser consists of high-quality, chrome-plated brass.

The soap dispenser itself, which is made of plastic, can be unscrewed for refilling, installation diameter is 28 mm.

### Draining set

The draining set consists of grid, drainer and four hooks made from high-strength plastic.

When placed alongside one another the grid and drainer form a full-width working surface on the Aurora multisink.

The hooks can be suspended from the rail, the hand towel hangers, which are integrated into the sink sides, or they can be used as individual hangers with the respective fixing set.

# RUST-PROOF ROBUST & ECOLOGICALLY FRIENDLY BASINS

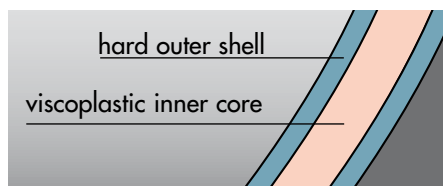

**10  
YEAR  
GUARANTEE**

Aurora basins are manufactured from a composite polypropylene material with up to 1 cm wall thickness. The sandwich-type wall construction ensures optimum elasticity and strength. Furthermore, the basins can be recycled by feeding them back into the production cycle. They are extremely durable, rust-proof and do not chip.

They are resistant to both frost and boiling water. The overflow is standardised in compliance with statutory requirements.

The satin finish is easy to clean, and dirt cannot accumulate as there are no concealed corners, crevices or cavities.

## Cross-section of an thermoplastic basin

## Wash basin

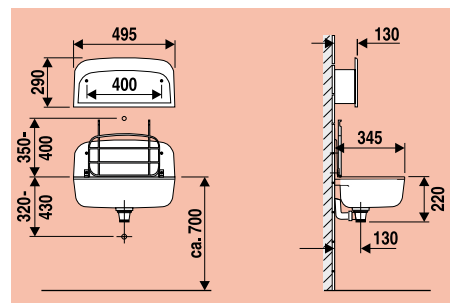

Practical basin with rear splash panel for basements, gardens, garages or workshops with a sandwich-type construction made of impact and temperature resistant polypropylene with acid, lye and solvent resistance. Standard features include a 1½ outlet valve, filter, plug, chain and mounting set.

## practic set

Basin and hose holder manufactured from impact and temperature resistant polypropylene with acid, lye and solvent resistance. Basin with rear splash panel and overflow, complete with 1½ outlet valve, filter, plug, chain and mounting set. Hose holder with practical shelf and mounting set. 10-year guarantee on breakage strength.

# SHOWER SEATS

## Designed with quality and Safety in view

Offering more comfort and convenience where ever space-saving seating is needed.

### Range of uses:

- showers
- fitness centres
- bathrooms
- dressing rooms
- steam baths
- open air baths
- saunas
- indoor swimming pools
- sports halls

A shower seat with elegant lines made from high-quality solid plastics in a composite construction. This sandwich technology guarantees the highest elasticity and breaking strength.. **We give a 10-year warranty on breakage!** The smooth and non-porous surfaces feel pleasant and are easy to clean.

### Safety

The seat can take loads up to 175kg (tested by the Bavarian Technical Inspection Authority).

### Cleaning

For cleaning only liquid household detergents suitable for plastics must be used - no abrasives or disinfectants!

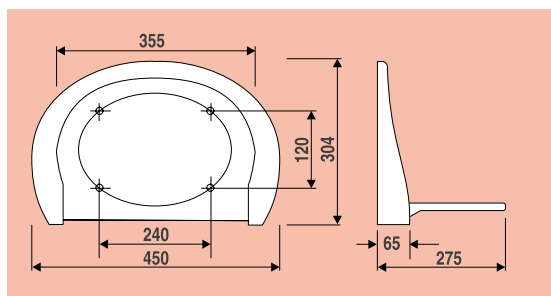

### Installation

The 4-point fixing enables a safe and easy installation. Complete fixing material and mounting template are supplied with unit.

**10  
YEAR  
GUARANTEE**

Other styles available.
