Elegant Alfresco Linings Without The Cost!

ECOLINING is manufactured from a plantation grown hardwood called Paulownia which is produced into innovative lining boards and decorative mouldings that are attractive, user friendly and quick to install. The four prefinished natural colours will add a beautiful soft timber look and feel to any indoor or outdoor ceiling application.

Ecolining colours mimic natural colours found in old growth hardwood timber, or white to give a clean appearance.

Winter: White Oil base, coated finish

Spring: Similar to Western red Cedar

Summer: Natural Paulownia colour

Autumn: Similar to Merbau/Kwila or Jarrah
