The Mobile Room Divider 360

The Mobile Room Divider 360° is a high quality portable partition that helps you maximize the use of any space:

- Fibreglass panel construction offers acoustic insulation and sound absorption
- Each room divider panel rotates 360° for infinite configuration possibilities
- Features a fully tackable, noise-reducing surface for posting signage
- Easy to move, fold and store

Key features:

- Non-marking, low profile casters provide low clearance, meaning additional noise reduction and a lower centre of gravity
- No loose parts to lose. The Mobile Room Divider 360° ships fully assembled
- Our patented no-pinch seams between each panel also reduce the possibility of fingers getting pinched
- Elegant extruded aluminium frame which makes it strong yet light
- Features a patented full panel end member giving the mobile partition stability in all configurations
- Comes standard with unit-to-unit connectors to join additional units together to form longer mobile partition walls if required
- Unique transportation lock to hold it in the folded position while moving it from location to location
- Features 3" dual wheel locking casters for secure hold and stability
- The stability of the Mobile Room Divider 360 allows for hanging objects such as artwork, photos, whiteboards etc to allow the partition to become a mobile gallery, information wall or classroom
