

HT2 Balustrade

Aesthetics Meets Functionality

HÄFELE
Design
by **LISUS**®

Elegant and compact, the HT2 Balustrade system uses simple components, which make installation easy, whilst quality 316 Grade stainless steel is used to achieve a contemporary look that enhances the beauty of glass.

The HT2 system is designed to adapt to a wide range of interior and exterior applications used in newly built, or refurbished commercial developments and residential properties.
