Oliveri | Inspirational designs for your kitchen

Nothing compares to the beauty of a solid surface bench top. From the cool, understated majesty of granite, through to the dramatic effect of a polished Jarrah top, solid surfaces demand attention and create a focal point for your kitchen. Oliveri have used their knowledge of international style to produce a range of inspirational sinkware designs that takes full advantage of solid surface bench tops. Designs range from the large capacity, extra-wide

Manhattan and Dallas styles, to the more conventional Monet and bowl-only designs that fit the standard 600mm bench top. Oliveri have also taken the practicality of the solid surface bench top to a new level, with a range of genuine Oliveri accessories that work with your Oliveri sink, even when it's undermounted. Now your solid bench top can also be transformed into a total food-processing centre. If it's not an Oliveri, it's a compromise.

Manhattan | America's choice

Inspired by a country where they like their appliances a little bigger than the rest of the world, Oliveri have recognised the need for extra size and have created an extra capacity sink with an American style. The Superb Bowl is the largest in the Oliveri range and is spacious enough to take just about any roasting dish, wok or baking tray. When size matters, the only choice is Manhattan from Oliveri.

AC73 Stainless Utility Tray
Extend the versatility of your Manhattan sink.

Superb Bowl
One of the largest capacity bowls in the Oliveri Range has the AC80 Bowl Protector included as a standard accessory.

Satin Finish
The new MH882U, MH882-1, MH886-1 sinks, feature an attractive satin finish to the drainer and rim.

Included Accessories

AC80
Bowl Protector

MH886U shown with AC80 Bowl Protector supplied as standard and MG513 Mixer Tap as an optional extra.

Features

Maxi Bowl (MH885U/6U)

This generous bowl is designed with a unique accessory lip to cater for the range of genuine Oliveri Accessories.

1/2 Bowl (MH883U/4U)

This traditional half-sized bowl is still large enough to be the perfect partner for the Superb Bowl.

Basket Waste

No more lost plugs. Push down to seal, pull up to drain and strain then remove to empty. The Manhattan is supplied standard with basket wastes.

18 Gauge Stainless Steel

Nothing lasts as well as stainless steel, and your 18 gauge (1.2mm) Oliveri sink will endure many years of daily use.

Extra Wide Bench top

Size does make a difference. The super size of the Manhattan requires a larger 720mm bench top. (MH880U excluded)

Oliveri Logo

The Oliveri signature represents over 60 years of world class sinkware manufacture in Australia. If it's not an Oliveri, it's a compromise.

Dallas | A family favourite

Every kitchen has a few favourite items, such as a much loved roasting pan or that special serving platter. We believe the Oliveri Dallas will be added to that list. The huge 'D' shaped bowl is designed to fulfil the needs of a family and ensures that this Oliveri sink will win a place in your kitchen too.

(MO70U, MO71U, MO72U)

MO70U shown with PS113/1 Mixer Tap as an optional extra.

Features

Tap Landing

The mixer tap is only mounted through the solid area of the bench top. This makes the tap easier to install and more stable when fitted.

Bridge

The bowls of the Oliveri Undermount Collection are joined by a solid supporting bridge. This means there are no weak areas between bowls.

Off Centre Outlets

Oliveri designers have placed the drain outlets towards the rear of the bowl to give you the maximum amount of useable space below the sink.

18/10 Stainless Steel

Oliveri sinks are manufactured from genuine 18/10, 304 grade stainless steel, for optimum hygiene and durability.

Accessories | Beyond a sink

The more you use your Oliveri sink the more you'll enjoy its sophisticated and functional design. The larger and deeper bowls make washing up easier and the impressive range of accessories transform any Oliveri sink into a total food processing centre. For instance, take the solid timber preparation board. In the morning you can use it for making sandwiches, at lunchtime it's simply perfect for preparing a salad, and when evening falls it even doubles as a stylish impromptu cheese board. Just one of the quality accessories that make Oliveri more than just a sink.

Selected accessories, tapware and other products are sourced from international suppliers, to Oliveri's specifications and quality standards.

www.oliverisinks.com

Tapware | The perfect partner

Oliveri tapware has been selected from the world's finest manufacturers. In order to wear the Oliveri signature it must be of the highest quality, elegant in design and functional. The taps are carefully chosen to complement the clean lines of your Oliveri sink while performing with the utmost reliability when connected to a variety of hot and cold water systems.

Versatile and practical

Rinse efficiently in spray mode; reach effortlessly with the extendable neck.

MV617/6 extendable spray head mixer

From washing vegetables to filling large pots, the Oliveri MV617/6 is a kitchen essential. This European made mixer tap features an extendable shower head that delivers either spray or stream at the flick of a button. It also includes a clever 'soft opening' device which reduces splashes. Like all Oliveri tapware, it is of the highest quality, elegant in design and functional, sourced from one of the world's finest manufacturers.

Oliveri mixer taps have a WELS 3 star water efficiency rating, 9.0 l/m.

**INTERNATIONAL
COLLECTION™**

Selected Oliveri accessories, tapware and other products are sourced from international suppliers. They are designed and manufactured to Oliveri's specifications and quality standards.

MG513 mixer tap with gooseneck spout

This tall, elegant mixer tap has smooth curves to accompany the modern design of the larger Oliveri sinks. A generous spout height allows plenty of room to get the biggest roasting dish underneath, while the simple one-touch control lever responds instantly to your command. This European-made beauty will further enhance the finest Oliveri sinks.

PS113/1 single lever sink mixer

This timeless design incorporates a generous reach swivelling spout with a handle that is smooth and light to operate as well as being easy to keep clean. Finished in bright chrome, this European-made mixer tap is very much at home on any Oliveri sink. The subtle Oliveri signature on the control handle is your sign of quality.

Oliveri Tapware is only available from selected outlets and is suitable for mains pressure water systems.

World Class Manufacturing

Over the years, the Oliveri signature has earned its reputation as a mark of excellence in design, function and durability. Overseas markets have also been impressed by the quality and innovative accessories that complement every Oliveri sink. Export sales continue to grow, further establishing Oliveri as one of the world's best stainless steel sinks.

The company began life as a general, domestic and metal fabricator in 1948. The founders pioneered the deep drawing technology in Australia, creating seamless, deep drawn stainless steel bowls.

Tasman Sinkware will continue to develop designs and styles suitable for any application where the highest standards are demanded.

Care & Maintenance

Oliveri sinks are manufactured from genuine 18/10, 304 grade stainless steel, for optimum hygiene and durability. However, no stainless steel sink was ever designed to do battle against hardened metal utensils or food processor blades, without incurring at least a few scratches.

The best prevention against scratching is to exercise a little extra care, or even to use one of Oliveri's accessory baskets when washing cutlery and the like.

To maintain the shine on your Oliveri sink, regular maintenance is recommended with any of the easy to obtain, non-abrasive stainless steel cleaners or metal polishes.

Genuine Oliveri

Beware of imitations as no one can match the quality and design of Oliveri sinks and accessories.

The Oliveri signature embossed into the stainless steel surface, as well as the distinctive Australian style packaging, ensures that your sink is a genuine Oliveri.

Contemporary Collection

Oliveri's range of inset stainless steel sinks.

Individually Inspected

Each Oliveri sink is individually inspected for quality of construction and finish.

Raw materials are sourced worldwide, and must satisfy the highest standards before being accepted into the manufacturing process.

Tasman Sinkware currently produce their sinks and tubs to "world standard" best practice. The company is Quality Endorsed and all products are manufactured to Standard ISO 9001-2000, your guarantee of quality.

Current designs reflect the most modern and innovative styles and are crafted to suit even the most discerning homeowner.
