**PAS68 BOLLARDS**

**PAS68 bollards protecting Optus Perth Stadium**

**CRASH TESTED**

For temporary event protection - rapidly deployed & quick to remove

In today's world it has become unfortunately necessary to design and implement physical security protection against possible terrorist or vehicle attacks wherever large number of people congregate or gather. High on this priority are stadiums and other sporting facilities which are likely to draw large crowds. LEDA Security Products has been at the forefront of designing, manufacturing and installing impact rated bollards and crash tested gates protecting Australia's leading stadium precincts.

*Products to protect stadium's boundary:*

- Bollards
- Boom Gates
- Temporary Barriers
- Street Furniture
- LEDA Engineered Products
